

Wayne Krantz

GOOD PIRANHA BAD PIRANHA

Abstract Logix

In an off-the-wall project, virtuoso Krantz and his conspirators have taken four popular songs - Ice Cube's *My Skin Is My Skin*, MC Hammer's *U Can't Touch This*, Pendulum's *Comprachicos* and Thom Yorke's *Black Swan* - and created two outlandish

versions of each. Wild abstract runs, melodic twists and dazzling additions render them mostly unrecognisable, morphing the familiar into a strange odyssey of adept sonic wizardry.
